

Diesel Powered 30 Kva Three Phase Generator SDEC 1500rpm 1800rpm Generator

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Sdec
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Type: Diesel Generator
- Noise: Low
- Starting System: Electric/Manual
- Frequency: 50/60Hz
- Protection System: Overload/High Temperature/Low Oil Pressure
- Brand: SDEC
- Speed: 1500/1800rpm
- Voltage: 220V/ 380V/ 400V/ 415V/ 440V/ 480V
- Highlight: **30 kva three phase generator,
SDEC three phase generator,
Diesel Powered three phase generator**

Product Description

Product Description:

SDEC Diesel Generator is one of the most reliable and efficient generating equipment which provides stable and continuous power, and is suitable for all kinds of power applications. This generator is equipped with advanced diesel engine, enabling a wide range of power output from 10 to 1000 KW. It is designed with reliable starting system, either electric or manual, and provides outstanding 1-year warranty. It is also designed with low noise, making it an ideal choice for all kinds of power applications. It can also provide excellent durability with its 1500/1800rpm speed.

SDEC Diesel Generator is a perfect choice for all kinds of power requirements, as it is reliable, efficient, and durable. With its excellent 1-year warranty, advanced diesel engine, low noise, and electric/manual starting system, SDEC Diesel Power Generator provides a great value for your money and is the ideal choice for any power requirement. SDEC Diesel Generating Equipment is the perfect solution to your power requirements.

Features:

SDEC Diesel Generator: Low noise, 220V/ 380V/ 400V/ 415V/ 440V/ 480V voltage, 1500/1800rpm speed, Air/Water cooling system, Diesel fuel.

SDEC Diesel Power Generator: Low noise, 220V/ 380V/ 400V/ 415V/ 440V/ 480V voltage, 1500/1800rpm speed, Air/Water cooling system, Diesel fuel.

SDEC Diesel Engine Generator: Low noise, 220V/ 380V/ 400V/ 415V/ 440V/ 480V voltage, 1500/1800rpm speed, Air/Water cooling system, Diesel fuel.

Technical Parameters:

Attribute	Details
Control System	Automatic/Manual
Speed	1500/1800rpm
Type	Diesel Generator
Noise	Low
Warranty	1 Year
Brand	SDEC
Frequency	50/60Hz
Voltage	220V/ 380V/ 400V/ 415V/ 440V/ 480V
Starting System	Electric/Manual
Power	10-1000KW

Applications:

SDEC Diesel Generator: Applications and Scenarios

SDEC diesel generator is a reliable, durable and efficient diesel power generating equipment that is manufactured by SDEC, a China-based company with ISO9001 certification. It offers a wide range of power generating capacity from 220V to 480V, and is available in both electric and manual starting system. Its protection system is equipped with overload, high temperature, and low oil pressure protection, and it comes with either air or water cooling system for optimal performance. It is ideal for both commercial and industrial applications, making it a great choice for those who need to generate reliable power supply.

The SDEC diesel generator is designed to provide reliable power output in a wide range of scenarios, such as construction sites, hospitals, factories, and mining sites. Its robust, compact design makes it a great choice for outdoor applications, and it is also suitable for use in emergency power supply, standby power supply, or any other power generator needs. The generator's easy-to-use features and low maintenance requirements make it an ideal choice for those who need a reliable and cost-effective power supply solution.

In addition to its reliability and cost-effective power output, the SDEC diesel generator also comes with a minimum order quantity of just one, and a competitive price to meet the needs of different customers. It is also delivered with a wood case for safe shipping, and delivers within 10-15 days after the payment is received. Customers can choose from a variety of payment options, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram. SDEC also has the capacity to provide up to 1000 pieces of the diesel generator per week.

Customization:

Choose SDEC Diesel Generating Unit for Customized Service

SDEC Diesel Generator is a leading brand of diesel generator in China. It is certified by ISO9001 and is available in power range from 10KW to 1000KW. The voltage available is 220V/ 380V/ 400V/ 415V/ 440V/ 480V, and the fuel used is diesel. The control system is both automatic and manual, and the warranty is 1 year. We offer the most competitive price for the diesel generator and a minimum order quantity of 1. The packaging is wood case and the delivery time is usually 10-15 days. The payment terms are L/C, D/A, D/P, T/T, Western Union, MoneyGram. The supply ability is 1000 pieces per week.

Choose SDEC Diesel Generator for your customized service, and enjoy the reliable and efficient power solution.

Support and Services:

SDEC Diesel Generator provides technical support and service to ensure customer satisfaction. Our technical experts are on hand to provide advice and assistance in installation, maintenance, and troubleshooting. We also offer a range of maintenance services such as oil changes, filter replacements, and system checks. Our experienced technicians are available 24/7 to respond to any problems or inquiries. We also offer free online support via email or telephone, as well as a range of product documentation and user manuals. Finally, our warranty covers all parts and labour for any defective products.

Packing and Shipping:

SDEC Diesel Generator Packaging and Shipping:

The SDEC diesel generator is shipped in wooden crates with a durable protective film to prevent damage. The crates are designed to protect the generator from vibration and moisture during transportation. Each crate includes an instruction manual and the necessary tools for assembly. The crates are labeled with the product model, serial numbers, and other relevant information. The delivery time depends on the destination, size of the shipment, and the mode of transportation.

FAQ:

Q1: What is the brand of SDEC Diesel Generator?

A1: SDEC Diesel Generator is made by SDEC, a brand from China.

Q2: Does the SDEC Diesel Generator have ISO9001 certification?

A2: Yes, SDEC Diesel Generator has ISO9001 certification.

Q3: How many pieces of SDEC Diesel Generator can I order?

A3: You can order at least 1 piece of SDEC Diesel Generator.

Q4: How can I pay for the SDEC Diesel Generator?

A4: You can pay for the SDEC Diesel Generator with L/C, D/A, D/P, T/T, Western Union, MoneyGram, etc.

Q5: How long will it take to deliver the SDEC Diesel Generator?

A5: It usually takes 10-15 days to deliver the SDEC Diesel Generator after your payment.
