

10-1000kW Container Diesel Generator Automatic Manual

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Control Panel: Digital/Analog
- Protection System: Overload/Low Oil Pressure
- Noise Level: Low
- Operation Mode: Automatic/Manual
- Voltage: 220V-480V
- Fuel Consumption: Low
- Structure: Container
- Cooling System: Air/Water
- Highlight: **Automatic Container Diesel Generator, ISO9001 Container Diesel Generator**

Product Description

Product Description:

Our Container-Based Diesel Generator provides a reliable power solution for a wide range of industrial and commercial applications. With power outputs ranging from 10kW to 1000kW, this cargo-container diesel generator is the perfect choice for any operation. It is housed in a rugged, steel cargo container for easy installation and transportation, and can be operated in both manual and automatic modes. It is equipped with an electric or manual starting system and can produce either a 50Hz or 60Hz frequency. This container-housed diesel generator is the ideal choice for applications that require a reliable source of power in a compact, yet efficient package.

Features:

Product Name: Container Diesel Generator

Fuel Type: Diesel

Emission Standard: EU Stage II/EPA Tier 2

Fuel Consumption: Low

Control Panel: Digital/Analog

Structure: Container-Based Diesel Generator, Container-Based Diesel Generator, Container-Mounted Diesel Generator

Technical Parameters:

Technical Parameters	Description
Fuel Consumption	Low
Operation Mode	Automatic/Manual
Power Output	10-1000kW
Emission Standard	EU Stage II/EPA Tier 2
Noise Level	Low
Structure	Container-Based/Container-Mounted/Container
Warranty	1-2 Years
Voltage	220V-480V
Protection System	Overload/Low Oil Pressure
Frequency	50/60Hz

Applications:

Minlong Container Diesel Generator is a container-based diesel generator system with a brand name of Minlong, which is certified by ISO9001 and has a minimum order quantity of 1. It is designed to provide a low-consumption and high-reliability power output of 10-1000kW at 50/60Hz, with a voltage range of 220V-480V. The generator is packaged in a wood case and has a delivery time of 10-15 days, along with various payment terms such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. It also has a high supply ability of up to 1000 pieces per week.

Minlong Container Diesel Generator is ideal for various scenarios and applications, such as cargo-container diesel generator, container-based diesel generator, and container-mounted diesel generator. The generator is highly reliable, cost-effective, and fuel-efficient, making it suitable for various industrial operations, especially those that require a continuous, uninterrupted power supply such as hospitals, factories, and warehouses. It is also perfect for outdoor events, camping, or emergency power backup in remote areas. The generator is easy to install and maintain, enabling users to quickly deploy and operate it for a variety of purposes.

Thanks to its features, Minlong Container Diesel Generator is the perfect choice for anyone looking for a reliable and cost-effective power solution. With its low fuel consumption, high power output, and competitive price, Minlong Container Diesel Generator is the ideal choice for a wide variety of scenarios and applications.

Customization:

Are you looking for a reliable **Container-Based Diesel Generator**? Look no further than Minlong from China. Our **Container-Mounted Diesel Generator** is certified by ISO9001 and comes with a minimum order quantity of 1. The price is negotiable and the packaging details are wood case. Delivery time is within 10-15 days, and payment terms are L/C, D/A, D/P, T/T, Western Union, MoneyGram. We are able to supply 1000 pieces per week and the operation mode is either automatic or manual. The frequency is 50/60Hz and the starting system is either electric or manual. Our product comes with a 1-2 year warranty and a low noise level. Contact us today for more information!

Support and Services:

Our container diesel generator sets provide reliable, long-lasting power for a variety of applications. We understand that there are many factors to consider when selecting a generator and we are here to help. Our experienced team of technical experts is available to assist from selection through installation and maintenance.

We provide comprehensive technical support and service for all of our container diesel generators. We offer a range of services, including:

On-site installation and commissioning of the generator

Regular preventative maintenance and servicing of the generator

On-site repair and troubleshooting of any issues

Emergency response and repair

Our team of experts is available to provide you with the technical support and service necessary to ensure your generator is running at its best. Contact us today to learn more about our container diesel generator sets and services.

Packing and Shipping:

Packaging and Shipping of Container Diesel Generator:

The product is shipped in a steel container with a waterproof cover. The container is designed to protect the product from weather and other external elements. Inside the container, the product is securely wrapped and strapped to prevent any damage during transit. The container has been tested for safety and durability and is designed to ensure safe delivery of the product to its destination.

FAQ:

Q1: What is the brand name of the Container Diesel Generator?

A1: The brand name of the Container Diesel Generator is Minlong.

Q2: Where is the Container Diesel Generator from?

A2: The Container Diesel Generator is from China.

Q3: What is the certification of the Container Diesel Generator?

A3: The Container Diesel Generator has an ISO9001 certification.

Q4: What is the minimum order quantity for the Container Diesel Generator?

A4: The minimum order quantity for the Container Diesel Generator is 1.

Q5: How is the Container Diesel Generator packaged?

A5: The Container Diesel Generator is packaged in a wood case.
